Harold Weisberg
Frederick, Md.

Dear Harold:

This evening I got a phone call from Ralph Adam Fine, Channel 6, Milwaukee, concerning his show last Sunday with Belin, 90" from 11:00 - 12:00.

Several points are of interest.

1) there was a terrific turnout for the TV audience & viewer response was fantastic

2) Many supporters of the Warren Report appeared.

3) Belin was slick, the format lending itself to nonsense — questions phoned in which ran the gamut of obvious points.

4) Fine tripped him up with the bulletin, but apparently missed some other

5) Belin says there was one gunman on Dealy (infering non-gunmen others) and that was Oswald.

6) Belin said after the elections he will have things to say about the Cuban thing.

7) Mumow's Betrayal (Agency) was well known to Belin & he smiled when he said he knew it.

8) Many people afterwards asked for Belin's autograph.

I will be typing up a transcript & sending it to you, a little later. the secretaries around here agreed to do it & Fine will send the audio.

Regards

Dave Wrone
